GRAY REQUEST FOR INVESTIGATION,
Case No. 78-38-I
* * * * *

OFFICIAL

OPINION AND ORDER

Before: James R. Morgan, Calvin Hessert and Dana Warren, Board Members.

This is a request for investigation pursuant to s. 16.05(4), Stats. Mr. Gray has complained about the fact that a supervisor was working in another, non-supervisory position. The U.W.-LaCrosse stated that an Assistant Superintendent position was created in their power plant and this position was filled by promotion of a Power Plant Operator. During the period of recruitment for the Power Plant Operator position the newly promoted Assistant Superintendent performed operating duties. It is not the university's intent to have the Assistant Superintendent fire the boilers on a regular basis. Both parties noted that grievances are being reviewed. In the Board's opinion, there is no need for further investigation.

ORDER

This request for investigation is dismissed.
