ORDER

Complainant's Petition for Rehearing in this matter, filed with the Commission on November 5, 1982, is denied with the following exceptions.

After having consulted with the hearing examiner, the Commission determines that the following changes should be made in its Decision and Order dated October 14, 1982, in order to better reflect the record and to correct a typographical error.

Finding of Fact #2 is amended to read:

2. During the course of applying for employment with respondent and his subsequent employment with respondent, complainant on at least two occasions carried firearms into the workplace; on one occasion a knife was confiscated from him.

Finding of Fact #8 is amended to read:

8. Complainant focused some of his sexual humor and social attention on a particular female co-worker who did not solicit or appreciate it; most of this activity occurred approximately one year before termination.
